An Evidence-based Approach to Authentic Leadership Development

Tony Fusco, Chartered Psychologist, 3D Leadership Ltd,
UK

Series: Routledge Focus on Mental Health

This book introduces a scientific theory of authentic leadership development, based on research conducted with senior leader coaching groups and subjected to rigorous quantitative and qualitative data collection and analysis. The result is a proven and evidence-based method of Authentic Leadership Development based on a coaching-group format, with a four-component model: Conscious Leadership, Confident Leadership, Competent Leadership & Congruent Leadership. Supported by quotes from participants and case vignettes, the book will also detail the typical outcomes that have shown to consistently emerge from the process and will highlight some of the logistical issues involved.
